

Silent “w” Words Poem

Name: _____

Date: _____

The boat sat silent.

It was called a wreck.

But above the water

A wren sat on deck.

The wren made of wood

Sat silent and still,

Waiting for the owner

To wrap up its bill.

The bill had been broken

When hit by a wrist.

The accident happened

During winter’s mist.

The mist is now gone

And the story is told.

It is written in books

Of that wren so bold.
