

# Inquiry Process for Student Investigations

## Choose a Good Question

- *What am I interested in?*
- *What question(s) will I explore?*
- *How will I find answers to my question(s)?*

## Reflect on My Learning

- *What did I learn from this inquiry?*
- *What new questions do I have?*
- *What did I learn about myself and the process of inquiry?*

## Investigate My Question

- *What sources do I need?*
- *How will I record my information?*
- *How will I share responsibilities with group members?*

## Share My Learning

- *How will I share what I have learned?*
- *Who will be my audience?*
- *What action(s) can I take as a result of my inquiry?*

## Analyze and Interpret My Findings

- *What does my information tell me?*
- *What am I learning about my topic?*
- *What new ideas do I have?*
- *How has my thinking changed?*
