

Make Your Own Mancala Board Game

You can create your own version of Mancala with everyday items from around your home.

What You Need:

- 1 egg carton
- 2 yogurt containers
- scissors
- 48 playing pieces (marbles or beads)

What You Do:

1. Cut off the top of the egg carton so you are left with 12 pockets.
2. Put a plastic cup at each end of the carton to store your winnings.
3. Distribute the 48 playing pieces among the 12 pockets and voila! Your mancala board game is complete!
